

Prophetic Word: You Will See What God Has Promised September 4, 2017

It's not thirty years ago; it's not twenty years ago. God says I'm correcting even your understanding of my requirements for you. For I'm not requiring you to necessarily be a foot soldier, but I'm appointing you all as Generals. Elevation, promotion; I am assigning people to you whose sole purpose is to guard the very assignment that you have been given.

Grow not weary even in the well doing; in the well doing don't grow weary. For the fatigue that the enemy will try to and has tried to harass you with, God says I am assigning a platoon to guard the assignment you two have been given. God, we pray for a fresh anointing O' God; a reinvigoration, O' God; even in their physical bodies; Even the things they have started to notice, but they haven't said to one another. Something is not working right anymore, the aches; we come against it right now in the name of Jesus.

We bind the spirit of fear right now in the name of Jesus that have plagued your family on both sides. It stops right here. No premature deaths; no handicaps.

How am I going to do it if I can't? How am I going to do it even at this age, O' God?

Just as I have preserved the remnant. I will preserve you as Generals and I am assigning you to this generation to instruct to teach.

"God I know you showed me this and just I haven't quite seen it."

You will see it! There are even some things that you have crossed off the list and said, "Okay God, that will be in the next generation; my kids will do it, my grandkids will do it."

God says, No you'll see it, you'll see it, you'll see it. I'm not going to make you stand at the mountain top and watch them walk in; You're going to be right along side. You will see the milk and the honey. You will see the prosperity! You will see abundance! You will see His promises fulfilled!

You're not going to die right at the foothold of it. You're not going to die right at the threshold of it. You will see the vision. You will see it come to pass. You will see the Lord do exactly what He said He was going to do.

Even in your twenties, even in your twenties.... before the loss and all the devastation, the sacrifices; when you step over with us, it will all be worth it. The fulfillment of His promise; it'll all be worth it.

Even when the sacrifice seemed like it was too great, and it didn't seem fair; even when it seemed unnecessary, it was for such a time as this; it was for such a time as this.

For you've learned how to navigate it. You've learned enough to be able to teach us and show us, this is how you walk with the Lord. Even when it doesn't seem fair; even when it doesn't seem real; this is how; this is how you serve the Lord. I'm telling you it was not for nothing, it wasn't in vain.

Thank you for the anointing that they carry, O' God. God, thank you for the supernatural transference. O' God; of the mantle, even in this season O' God. Let there be no interference. Let there be no distractions, O' God, that we keep our eyes locked on one another. O' God, so that the transference happens exactly how You want it to happen, exactly how it's supposed to go; that there's not a drop in step O' Jesus.

God even now we pray for a double portion, a double portion O' God; one that's needed for this generation; one that's needed for this day and age O' God. We bind the enemy; we shut his mouth right now: the whisperings, the whisperings that there is not as great of an impact anymore; that you're not as impactful as you used to be; that your style is outdated; that you're behind. We bind the enemy right now in the name of Jesus.

We reclaim the gift of innovation, creativity, witty ideas and instructions, O' God, that will even amaze those who are under you. For it's just not about the latest software and the latest camera, O' God, but about the anointing and the call. We silence the enemy, O' God, in the name of Jesus, in the name of Jesus.

God, I thank you for more divine appointments O' God, even outside of this group, O' God, as they return home; even young adults that will connect themselves to you God.

God, I even thank you for the healing that You're going to bring through young adults. The wounds that were dealt by young adults; God I thank you for the healing that You're going to bring through young adults, God.

For the distance, even in wisdom, that you had put in place for those who have wanted to attach themselves to you because of things that have happened in the past; God will give you even more wisdom.

And there will be those that He will send that He said open up your home to.... I know you did in the past and it backfired in some situations. I know you did it before, but now, but now, but now is the season. You haven't felt released to do it, but now is the season.

Divine appointments! Divine appointments!

O' God it has not been in vain, it has not been in vain.
